26. TERMS & CONDITIONS

Screen 26.1

TERMS & CONDITIONS

Last Updated: [Date]

1. Acceptance

By creating an account and using Kie Catcher, you agree to these Terms & Conditions.

If you do not agree with these terms, you must not use the service.

2. Account

Users must provide accurate and complete information when creating an account.

Each person may only maintain an account according to the account limitations established by Kie Catcher.

Users are responsible for keeping their login credentials secure.

3. API Key Requirements

Users may only submit an API Key that they legally own or are authorized to use.

An API Key submitted to Kie Catcher must:

- be valid;
- meet the applicable eligibility requirements;
- not have been previously submitted to Kie Catcher;
- not have previously received a reward from Kie Catcher;
- satisfy the applicable usage and credit verification requirements.

Each eligible API Key can only receive a reward once.

Users must not submit API Keys belonging to another person without authorization.

4. API Key Verification

Kie Catcher may verify the validity, eligibility, usage status, duplicate status, credit status, and other relevant information associated with a submitted API Key.

Verification may take time.

Kie Catcher may reject an API Key that does not meet the applicable requirements.

5. Passive Balance

A reward associated with an API Key that has not completed all required verification processes may be placed in Passive Balance.

Passive Balance:

- is not available for withdrawal;
- may remain pending until verification is completed;
- may be rejected if the API Key fails verification.

6. Active Balance

A reward becomes part of Active Balance only after the applicable verification process has been successfully completed.

Active Balance is the portion of the user's balance that is eligible for withdrawal, subject to the withdrawal requirements.

7. Rewards

Reward amounts are determined according to the applicable reward program displayed by Kie Catcher.

Kie Catcher may refuse to provide a reward where an API Key or transaction is found to be invalid, duplicated, fraudulent, unauthorized, or otherwise ineligible.

8. Withdrawals

Users may withdraw eligible Active Balance using supported payment methods.

Minimum withdrawal amounts, applicable fees, processing times, and other requirements will be displayed before the user confirms a withdrawal.

Users are responsible for ensuring that their payment information is accurate.

9. Payment Methods

Kie Catcher may support bank accounts and selected e-wallets through its payment/disbursement providers.

Available payment methods may change depending on provider availability and applicable regulations.

10. Fraud and Abuse

Users must not:

- submit the same API Key multiple times;
- submit API Keys that they are not authorized to use;
- manipulate verification results;
- create accounts for fraudulent purposes;
- exploit system vulnerabilities;
- interfere with the verification or payment system;
- provide false information.

Kie Catcher may suspend or terminate accounts involved in suspected abuse or fraud.

11. Account Suspension

Kie Catcher may temporarily restrict an account while investigating suspicious activity, verification issues, or violations of these Terms.

12. Changes

Kie Catcher may update these Terms & Conditions when necessary.

Users will be informed of material changes in accordance with applicable requirements.

13. Contact

For questions, complaints, or disputes:

Email: support@[official-domain].com

Website: [official-domain]

27. PRIVACY POLICY

Screen 27.1

PRIVACY POLICY

Last Updated: [Date]

1. Information We Collect

Kie Catcher may collect:

Account Information

- Name
- Email address
- Phone number
- Password credentials in protected form

Transaction Information

- API Key submission records
- Verification status
- Reward records
- Withdrawal records
- Transaction IDs

Payment Information

- Bank account information
- E-wallet information
- Account holder information

Security Information

- Login activity
- Device information
- IP address
- Security logs

Only information necessary for the relevant purposes should be collected.

2. API Key Information

API Keys submitted through Kie Catcher may be processed to perform verification and other activities necessary to operate the service.

API Keys are treated as confidential authentication information.

Kie Catcher will implement appropriate technical and organizational measures to protect API Keys against unauthorized access, disclosure, alteration, or misuse.

3. How We Use Information

Information may be used to:

- create and manage accounts;
- verify API Keys;
- verify credit and eligibility;
- calculate rewards;
- process withdrawals;
- prevent fraud;
- protect system security;
- provide customer support;
- comply with legal obligations.

4. Data Sharing

Kie Catcher may share necessary information with service providers that support:

- identity/account verification;
- payment and disbursement;
- infrastructure;
- security;
- customer support.

Only information necessary for the relevant service should be shared.

5. Data Security

Kie Catcher implements appropriate security measures based on the type and sensitivity of the data processed.

6. Data Retention

Personal data and transaction records will be retained only for as long as necessary for the purposes for which they were collected and for applicable legal, regulatory, accounting, security, or dispute-resolution requirements.

7. User Rights

Subject to applicable law, users may have rights regarding their personal data, including rights to request access, correction, or deletion where applicable.

Requests can be submitted through:

support@[official-domain].com

8. Account Deletion

Users may request account deletion through:

Settings → Legal & Privacy → Delete Account

Some information may need to be retained when required by law or for legitimate security, accounting, fraud prevention, or dispute-resolution purposes.

9. Contact

For privacy-related questions:

31. FAQ

API Key

Why is my API Key still being verified?

Your API Key or associated credit is still undergoing the required verification process. The reward remains in Passive Balance until verification is completed.

Can I submit the same API Key again?

No. An API Key that has already been submitted to Kie Catcher cannot be submitted again.

Can I submit someone else's API Key?

Only if you are legally authorized to use and submit it. Users are responsible for ensuring that their submissions are authorized.

Balance

What is Passive Balance?

Passive Balance contains rewards that are still pending verification and cannot be withdrawn.

What is Active Balance?

Active Balance contains rewards that have completed the required verification and are available for withdrawal.

Withdrawal

Why can't I withdraw my Passive Balance?

Passive Balance has not completed the required verification process.

How long does withdrawal take?

Processing time depends on the selected payment method and payment provider. The applicable information will be displayed before confirmation.

35. PAYMENT METHOD YANG DITAMPILKAN DI APP

Untuk versi awal, jangan menampilkan terlalu banyak metode. Gunakan yang paling realistis:

Bank Account

- BCA
- BRI
- BNI
- Mandiri
- BSI
- CIMB Niaga
- Permata
- BJB
- Bank lain yang tersedia melalui payout provider

E-Wallet

- DANA
- GoPay
- OVO
- LinkAja
- ShopeePay

Xendit saat ini menyediakan payout ke lebih dari 140 bank dan mencantumkan e-wallet Indonesia seperti OVO, DANA, LinkAja, ShopeePay, AstraPay, JeniusPay, dan GoPay; jadi daftar final di Kie Catcher sebaiknya hanya menampilkan metode yang benar-benar diaktifkan pada akun bisnis/provider yang dipakai.

Untuk bank, payout melalui BI-FAST juga tersedia dengan IDR dan dukungan B2C pada dokumentasi Xendit saat ini.

36. BOTTOM NAVIGATION

Gunakan 4 menu utama:

Home

Submit

History

Profile

Home

Dashboard dan saldo.

Submit

Setor API Key.

History

Semua transaksi.

Profile

Akun, pembayaran, keamanan, bahasa, legal, bantuan.

37. KONDISI SALDO

API Key Submitted

Reward Pending

PASSIVE BALANCE

Credit Verified

ACTIVE BALANCE

Withdrawal

WITHDRAWN

Jika gagal:

PASSIVE BALANCE

Verification Failed

↓
REJECTED

Saldo yang berstatus **Passive**, **Rejected**, atau **Withdrawn** tidak boleh dianggap sebagai saldo yang dapat ditarik.

38. STATUS YANG DIGUNAKAN DI SELURUH APP

Gunakan status yang konsisten:

Pending Verification

Sedang diverifikasi.

Verified

Berhasil diverifikasi.

Active

Reward sudah tersedia untuk withdrawal.

Rejected

Tidak memenuhi ketentuan.

Duplicate

API Key sudah pernah disubmit.

Invalid

API Key tidak valid.

Processing

Penarikan sedang diproses.

Completed

Penarikan berhasil.

Failed

Penarikan gagal.

Cancelled

Transaksi dibatalkan.

39. DATA YANG JANGAN DITAMPILKAN PENUH

API Key jangan pernah ditampilkan utuh di Dashboard, History, Notification, atau Transaction Detail.

Gunakan:

`ki_....82A`

bukan:

`ki_XXXXXXXXXXXXXXXXXXXXXXXXXXXX`

Dokumentasi Kie.ai sendiri memperlakukan API Key sebagai secret dan memperingatkan agar API Key tidak diekspos di frontend atau aplikasi mobile. Karena itu, blueprint production Kie Catcher harus menganggap API Key sebagai credential sensitif dan memprosesnya melalui backend yang aman, bukan menaruh key di client/frontend.

40. ADMIN SIDE YANG WAJIB ADA

Di luar aplikasi user, Kie Catcher juga membutuhkan dashboard admin.

Menu:

Dashboard

Users

API Key Submissions

Verification

Passive Balance

Active Balance

Withdrawals

Payment Methods

Fraud & Risk

Support Tickets

Notifications

Terms & Conditions

Privacy Policy

System Logs

Audit Logs

Reports

Admin harus bisa melihat:

- ID transaksi
- User ID
- waktu submit
- API Key yang sudah dimasking
- hasil validasi
- status credit
- status reward
- status saldo
- status withdrawal
- alasan rejection
- riwayat perubahan status

Admin juga harus memiliki **audit log**, sehingga perubahan saldo atau status transaksi tidak dilakukan tanpa jejak.

41. HAL YANG TIDAK BOLEH ADA DI UI

Jangan gunakan:

"Guaranteed income"

"Easy money"

"Instant cash"

"Guaranteed verification"

"100% safe"

"No risk"

Gunakan bahasa faktual:

"Reward is available after verification."

"Withdrawal is available from Active Balance."

"Verification may take time."

"Eligibility requirements apply."

42. LEGAL APP FOOTER

Di halaman yang relevan:

Kie Catcher
